

Potten End C of E Primary School

Home/School Partnership Agreement

"Potten End Primary School is a school of high achievement, concerned with every child's development and happiness, which is at the heart of the local community"

Potten End School is a place where individuals are valued and where effective links between home and school are considered essential to future progress.

Education does not take place in the school alone and does not start when your child begins school. Learning starts at birth and children will already have experienced several years of learning within the home environment. The school's aim is to continue the learning process and to create a caring, stimulating environment where your child has the necessary security and confidence to develop the skills needed to become a successful learner. However, the influence of home and parents continues to be the most important factor in a child's education. We therefore ask for the very closest co-operation from you as parents as we work together to achieve the best for your child.

Below are the aims of our school and on the accompanying sheets are two copies of our Home/School Partnership Agreement. Please take time to consider each statement within the agreement and discuss the relevant parts with your child. Once you have done this, please keep one copy for your reference, sign the other copy and ask your child to sign it too (Years 1-6 only). Once signed, please return this copy to the school office.

The Aims of Potten End School

Growing, Learning, Laughing, Succeeding Together!

We seek to enable children to

- Develop self esteem - to feel good about themselves, to be positive about their abilities, to be confident to try new things and not to be afraid to make mistakes
- Develop as self-motivated learners
- Develop physically - to enjoy movement and recognise its benefits
- Develop their creativity
- Develop awareness of, and responsibility to, others
- Develop skills of communication - literacy, numeracy, verbal and non-verbal
- Develop awareness of the world and their place within it
