

# Eco-Council Meeting 26 September 2013

Apologies: None

## 1. New Elected Councillors

Mrs Stroud welcomed all the new Eco-councillors and they all received their new Eco Warrior badges.

## 2. Eco Schools

Mrs Stroud explained that she has signed up for Eco Schools which challenges children to make their schools more eco-friendly. The first major challenge we have is to get the Bronze award.

To do this we have to have up an eco committee - our Eco-council and then do an 'Environmental Review' - where we find out how 'green' we are at the moment. This means that Eco-Councillors will be looking around all the

classrooms and checking what electrical equipment is turned on.

After this we will look at the areas where we can be more eco-friendly.

To encourage each class to be eco-friendly, eco warriors agreed that we might have an 'Eco Class of the Week award' and would each have a go at designing an award before the next meeting.

### 3. Eco/Nature Garden

We talked about the Green Garden. Mrs Stroud explained that we have had to postpone creating this because of the building works that are going to happen when our school expands. We will be able to choose a new location once all the building work has happened.

### 4. Next meeting:

Thursday 10<sup>th</sup> September at Playtime
